ABOUT ME

An inventive and enthusiastic multimedia designer who loves to create meaningful work. Extremely independent and a team player, sharing ideas and knowledge is important for me, and one of the reasons I am currently looking for new challenges in an environment that fosters learning and experimentation. Art, music, drawing, photography, walks in nature and showing the world the hidden treasure in people, are most of my free time pursuits. Check out my side projects [Ossa Morena](#) and [-pã](#). Random trivia about me: Birdwatcher, I love french fries and I've performed at ZDB gallery and Casa da Música.
